Rick

I don't believe that EFAC is in a position to honor your request that we not locate the community pier on the Church's property. Judge Reed has made it perfectly clear in every ruling the last year that he intends for all piers location to be permanent. If you want us to relocate the community pier, the only way that is going to happen is if the judge orders it. Please let your client know and by all means file a declaratory judgment action if you want a different answer.

Thanks
