12/20/2016

On December 19, 2016, Robert Turner filed correspondence with the Court dated December 15, 2016. This filing does not comport with the trial rules and alleges no legal or factual basis upon which the Court can take any action. To the extent this letter requests relief or exemption from the prior Orders of the Court, however, the Court denies any such request as any such request is not properly before the Court.
