

3.7 All pier sections, pier posts, attachments, and watercraft shall be removed prior to November 1 of each year by each registrant;

3.8 The Park Department will provide a designation of the location for each pier and boat mooring. Designation of locations shall be consistent with preventing interference with the riparian rights of any adjacent property owner to the right-of-way; and designated in a manner to provide appropriate space for leaving and approaching piers;

3.9 No boat lifts, except for small personal watercraft lifts, shall be allowed as a part of any pier permit and/or operation; and,

3.10 Placement of any piers, boats, lifts or other facilities shall be subject to any other applicable Indiana law or regulations, including but not limited to Indiana statutes, and regulations and rules of the Department of Natural Resources.

Section 4. PLACEMENT OF PIERS IN CHANNELS. The registered piers placed in the channels of Syracuse or Wawasee Lakes shall be subject to the conditions set forth in Section 3 above with the following exceptions:

4.1 The length of a registered pier shall be less than two (2) sections;

4.2 Each pier section shall be no more than three (3) feet in width; and,

4.3 Piers placed in channels do not need to be removed, but the owners of such piers shall be required to file a registration form and pay any registration fee annually as required by this ordinance.

Section 5. INDEMNIFICATION. Each registered pier owner shall maintain personal liability insurance in an amount
